

<p>RPPC EMI</p>  <p>FEMA</p>	<p>FEMA REP HQ E-340: Radiological Emergency Preparedness Program & Planning Course July 18 – 21, 2011</p>
---	--

Course: E-340 REP Program & Planning Course (RPPC)

Dates: July 18 – 21, 2011 (Sunday and Thursday afternoon will be travel days.)

Course Time: Monday – Wednesday: 8:00 a.m. to 5:00 p.m.
Thursday - 8:00 a.m. – Noon.

Location: National Emergency Training Center, Room M-100
16825 South Seton Avenue
Emmitsburg, Maryland 21727-8998

Course Information:

FEMA REP HQ will be hosting this delivery of the RPPC. This course focuses on nuclear power plant off-site emergency preparedness. It addresses REP Program History, federal regulatory policies, and the development of REP plans. This course provides a sound understanding of basic planning assumptions and policy issues. It fulfills requirements for REP stakeholders requiring the REP Planning Course.

Completion of all prerequisites is highly recommended prior to class attendance:

IS-3, IS-235, IS-301, IS-836

Prerequisites must be completed within 5 days of class completion in order to receive course credit. Please do not send copies of certificates! Completion of prerequisites will be confirmed by EMI transcript.

Recommended: IS-100, IS-120.a, IS-200, IS-302, IS-331, IS-700, IS-800, IS-812, HSEEP
